

**MANDATE  
ORGANISING &  
TRAINING CENTRE**

## **Learn English with Mandate for Free!**

**Mandate, your trade union, is offering English speaking classes for Members. The course is for members who while speaking some English have never had the opportunity for formal training. In the course you will learn the basic grammar and improve your vocabulary. You will have the chance to correct those mistakes that your workmates are too polite to tell you about! Improved language skills can add to your confidence and improve your quality of life.**

**Training is free to Mandate Members. If there are 10 Mandate Members who wish to attend this training, classes will take place in a location near to your workplace. Unless we have numbers classes will not take place.**

**Classes will commence in January 2016, if you are interested please contact:**
