

**MANDATE**  
TRADE UNION

# Petition

*We, Tesco workers in: \_\_\_\_\_ are calling on our employer Tesco Ireland to reconsider the outsourcing of the 96 valuable Retail Security Officer (RSO) roles to an outside security company. Tesco Ireland is a profitable employer, and our security colleagues play a valuable part in keeping our store safe every day. Their presence during the pandemic was of great reassurance to us all. We also call on the company to remove arbitrary deadlines and enter meaningful **negotiations** with our Trade Union Mandate to reach a satisfactory outcome for our colleagues.*
