Re: OCS Tesco Extra Dundalk - Cost of Living Pay Increase (Pay Claim 2022)

Dear Ms. Kelly

Mandate Trade Union have been contacted by our members employed by OCS in the Tesco Extra Dundalk Shopping Centre with regard to the fact that they have not been in receipt of a Cost of Living Pay increase for a considerable period of time.

Given the current rate of inflation and the ever-developing Cost of Living crisis in Ireland, Mandate, on behalf of the aforementioned members are requesting that you contact the undersigned upon receipt of this correspondence to arrange a mutually agreeable time, date and venue for a meeting to take place to discuss our members pay claim.

After consultation with our impacted members and in order to provide clarity to the Company in advance of the commencement of negotiations I have been instructed to inform you that the contents of the Pay Claim are a 10% increase in the basic hourly rate of pay with no cost saving measures attached.

I look forward to a positive prompt response.

Yours sincerely
For Mandate Trade Union

Keith Pollard
